

SILCHESTER CHURCH OF ENGLAND PRIMARY SCHOOL

Compassion, Courage & Respect

Health & Safety Policy

VISION STATEMENT

Our **vision** for Silchester is for **everyone to flourish**.

Our school is a place of love, of belonging and family.

We have a **heart for people**, inspiring everyone to be the best version of themselves: for themselves, for others, for our community and for our world.

With our roots deeply embedded and nourished by our Christian values, we will **thrive together**.

We will reach out to each other, our community and the wider world with *Compassion* in our hearts.

We will live bravely, showing *Courage* to keep going when facing challenge.

We will *Respect* ourselves and others, embracing everyone's unique gifts, and value the contribution that we can all bring to God's world.

Last Reviewed :- March 2024

Date of Next Review :- March 2026

Statement of Intent

It is our policy to carry out our activities in such a way as to ensure so far as is reasonably practicable, the health, safety and welfare of our employees and all persons likely to be affected by our activities including the general public where appropriate. We will co-operate and co-ordinate with partnerships, contractors, sub-contractors, employers, Hampshire County Council departments and the occupiers and owners of premises and land where we are commissioned to work in order to pursue our Health and Safety Policy aims.

Our aims are to:

- Provide and maintain a safe and healthy working environment ensuring the welfare of all persons
- Maintain control of health and safety risks arising from our activities
- Comply with statutory requirements as a minimum standard of safety
- Consult with all staff on matters affecting their health, safety and welfare
- Provide and maintain safe systems, equipment and machinery
- Ensure safe handling, storage and use of substances
- Provide appropriate information, instruction and supervision for everyone
- Ensure staff are suitably trained and competent to do their work safely
- Continually develop a safety culture to remove or reduce the possibility of accidents, injuries and ill-health
- Assess risks, record significant findings and monitor safety arrangements
- Review and revise safety policies and procedures periodically and when circumstances may introduce a requirement to amend or improve arrangements
- Develop and maintain a positive health and safety culture through regular communication and consultation with employees and their representatives on health and safety matters

Our health and safety management system has been developed to ensure that the above commitments can be met. All staff and governors will be instrumental in its implementation.

Organisation

Employer Responsibility

The overall responsibility for health and safety at Silchester C of E Primary School is held by Hampshire County Council who will:

- Ensure that health and safety has a high profile
- Ensure adequate resources for health and safety are made available
- Consult and advise staff regarding health and safety requirements & arrangements
- Periodically monitor and review local health and safety arrangements

Responsible Manager

The responsible manager for the premises is the Executive Head Teacher who will act to:

- Develop a safety culture throughout the unit/centre/school/premises
- Consult staff and provide information, training and instruction so that staff are able to perform their various tasks safely and effectively
- Assess and control risk on the premises as part of everyday management
- Ensure a safe and healthy environment and provide suitable welfare facilities
- Make operational decisions regarding health and safety
- Ensure periodic safety tours and inspections are carried out
- Ensure significant hazards are assessed and risks are managed to prevent harm
- Ensure staff are aware of their health and safety responsibilities
- Periodically update the governing body as appropriate
- Produce, monitor and periodically review all local safety policies and procedures

All Staff (including volunteers)

All staff have a statutory obligation to co-operate with the requirements of this policy and to take care of their own health and safety and that of others affected by their activities by:

- Supporting the school health and safety arrangements
- Ensuring their own work area remains safe at all times
- Not interfering with health and safety arrangements or misusing equipment
- Complying with all safety procedures, whether written or verbally advised, for their own protection and the protection of those who may be affected by their actions
- Reporting safety concerns to their staff representative or other appropriate person
- Reporting any incident that has led, or could have led to damage or injury
- Assisting in investigations due to accidents, dangerous occurrences or near-misses
- Not acting or omitting to act in any way that may cause harm or ill-health to others

Caretaker (Site Manager)

The Site Manager is responsible for undertaking a wide range of health and safety related duties on behalf of, and under the direction of the responsible manager. He/she is to work within the parameters of any provided training and in accordance with risk assessments and the on-site safe working practices. He/she is to work within their level of competence and seek appropriate guidance and direction from the responsible manager and/or the Children's Services Health & Safety Team as required.

All Teachers & Supervisors

The responsibility of applying local safety procedures on a day-to-day basis rests with the teachers and supervisors. Where any new process or operation is introduced in the area of their responsibility, they are to liaise appropriately so that the associated risks are assessed and any precautions deemed necessary are implemented. They are to ensure that all new members of staff under their control are instructed in their own individual responsibilities with regards to health and safety, and they will appropriately monitor those new staff. They are to make periodic inspections of their areas of responsibility, taking prompt remedial action where necessary to control risk.

Resources Committee

The Resources Committee assists in the assessment of safety related matters and provides appropriate support to the responsible manager. The committee meets once every half term where it regularly receives reports from the Executive Headteacher, monitors and discusses on-site health and safety related activities, and recommend any actions necessary to maintain a high standard within the Federation. The resource committee staff of the Governing body will be kept informed of all changes in practices and procedures, new guidance, accidents, incidents and risk related matters.

Fire Safety Co-ordinator

The Fire Safety Co-ordinators are the competent persons for fire safety on the premises and act on behalf of the responsible manager. They are to attend the fire safety co-ordinator training course and refresh this training every three years. The fire safety co-ordinator is responsible for the local management and completion of day-to-day fire safety related duties and upkeep of the fire safety manual.

The fire safety co-ordinator is to work within their level of competence and seek appropriate guidance and direction from the Executive Headteacher and/or the Children's Services Health & Safety Team as required.

Facilities Management Trained Staff

Children's Services Department require that every site have a facilities management trained member of staff who is the competent person for the overall management of general premises facilities and acts on behalf of the responsible manager. He/she is to attend the facilities management training course and refresh this training every 6 years. He/she is responsible for the local management and completion of day-to-day premises matters and duties. He/she is to work within their level of competence and seek appropriate guidance and direction from the responsible manager and/or Children's Services Health and Safety Team as required.

Health & Safety Representative [or governor]

The premises health and safety representative (whether a member of staff who is union appointed, or non-union and locally nominated) will represent the staff with regard to their health and safety at work. He/she is expected to promote a positive safety culture throughout the premises and carry out the health and safety duties appropriate to their role in accordance with current guidance and legislative requirements.

Legionella Competent Person

The Site Manager is the nominated competent person for Legionella on the premises and acts on behalf of the responsible manager to provide the necessary competence to enable Legionella to be managed safely. He/she is to annually complete the Legionella e-learning course and all training records are to be retained.

The Legionella competent person will ensure that all periodic and exceptional recording, flushing, cleaning and general Legionella management tasks are correctly completed and recorded in accordance with departmental and corporate requirements. He/she will advise the responsible manager of any condition or situation relating to Legionella which may affect the safety of any premises users. He/she is to work within their level of competence and seek appropriate guidance and direction from the responsible manager and/or the Children's Services Health & Safety Team as required.

Asbestos Competent Persons

The Site Manager is the nominated competent person for asbestos on the premises and acts on behalf of the Executive Headteacher to provide the necessary competence to enable asbestos to be managed safely. They are to annually complete the asbestos e-learning course and all training records are to be retained.

The asbestos competent persons will ensure that all staff have a reasonable awareness of asbestos management and dangers. They are to ensure that the appropriate staff are competent in the use of the asbestos register and that asbestos is managed in accordance with departmental, legislative and corporate requirements. They will advise the responsible Executive Headteacher of any condition or situation relating to asbestos which may affect the safety of any premises users. They are to work within their level of competence and seek appropriate guidance and direction from the Executive Headteacher and/or the Children's Services Health & Safety Team as required.

Accident Investigator

The on-site nominated trained accident investigator is Glen Golding who will lead on all accident investigations in accordance with departmental and corporate procedures.

Names of persons fulfilling the Roles and Responsibilities listed within this section of the policy can be found in Appendix A.

ARRANGEMENTS

The following arrangements for health and safety have been developed in accordance with the Management of Health and Safety at Work Regulations 1999. These arrangements set out all the health and safety provisions for Silchester School and are to be used alongside other current school procedures & policies.

In carrying out their normal functions, it is the duty of all managers and staff to act and do everything possible to prevent injury and ill-health to others. This will be achieved in so far as is reasonably practicable, by the implementation of these arrangements and procedures.

Accident/Incident Reporting & Investigation

The on-site management, reporting and investigation of accidents, incidents and near misses is carried out in accordance with departmental and corporate policy requirements.

Any accident, incident or injury involving staff, visitors, contractors and the more serious accidents/incidents to children are to be reported and recorded on the HCC Accident/Incident reporting form stored in the school office. This will then be added to the on line system as soon as practical.

A copy of the completed form is then automatically sent to Children's Services Health and Safety Team. The person reporting the incident and the manager will receive a request to carry out an investigation and a link to record this on. The purpose and intended outcome of the investigation is to identify the immediate and underlying cause of the accident so as to be able to implement appropriate measures to prevent reoccurrence.

Minor accidents to pupils are to be recorded in the minor incident book located in the medical room or in the year group first aid boxes.

The more serious accidents that are notifiable to the Health & Safety Executive (HSE) will be notified to the Children's Services Health & Safety Team for them to report. A copy of the form will then be created by CSHST and sent to the HSE.

The Executive Headteacher will ensure that the governing body is appropriately informed of all incidents of a serious nature. All accident/incident reports will be monitored by Glen Golding for trend analysis in order that repetitive causal factors may be identified to prevent reoccurrences.

Premises hirers and community/extended service/third party users must report all incidents related to unsafe premises or equipment to the school/premises staff, who will appropriately report and investigate each incident. Incidents related to the user's own organised activities are to be reported by them in line with their own reporting procedures.

Administration of Medicines

Arrangements regarding medicines are set out in the First Aid and Administration of Medicines Policy.

Asbestos Management

Asbestos management on site is controlled by the Site Manager who is the competent person. Asbestos registers as issued by PBRS are located in the individual school offices and is to be shown to all contractors who may need to carry out work on site. Contractors must sign the register as evidence of sighting prior to being permitted to commence any work on site.

Any changes to the premises' structure that may affect the asbestos register information will be notified to PBRS in order that the asbestos register may be updated accordingly.

Under no circumstances must staff drill or affix anything to walls that may disturb materials without first checking the register and/or obtaining approval from the competent person.

Any damage to any structure that possibly contains asbestos, which is known or identified during inspection, should be immediately reported to the Executive Headteacher and/or the asbestos competent person who will immediately act to cordon off the affected area and contact the PBRS Asbestos Team for guidance. Any contractor suspected to be carrying out any unauthorised work on the fabric of the building should be immediately stopped from working and immediately reported to Executive Headteacher and/or asbestos competent persons.

Child Protection

Arrangements regarding child protection are set out in the Safeguarding Policy.

Community Users/Lettings/Extended Services

The Executive Headteacher will ensure that:

- Third parties and other extended service users operate under hire agreements
- A risk assessment for the activity is completed using RATF-047A or RATF-047B
- The premises is safe for use and is always inspected prior to, and after each use
- Means of general access and egress are safe for use by all users
- All provided equipment is safe for use
- Fire escape routes and transit areas are safe and clear of hazards
- Hirers/users are formally made aware of fire safety procedures and equipment
- A copy of the H&S policy is cascaded to users for reference of school H&S arrangements

Contractors on Site

HCC approved contractors are always to be used for contractual work on the premises. Where non-HCC approved contractors may be required or selected for use then appropriate safe selection procedures are to be used to ascertain competence prior to engaging their services. The departmental CSAF-013 Safe Selection of Contractors Checklist is to be used to determine competence of non-HCC contractors who will require adequate risk assessments to demonstrate their safe working practices for specific work being undertaken.

All contractors must report to the school office where they will be asked to sign the visitors book and asbestos register. All contractors must be issued with the local written contractor induction brief that includes all relevant details of fire safety procedures & local safety arrangements.

Host staff are responsible for monitoring work areas and providing appropriate supervision, moreso where the contractor's work may directly affect staff and pupils on the premises.

Curriculum Activities

All safety management and risk assessments for curriculum based activities will be carried out under the control of the relevant subject managers using the appropriate codes of practice and safe working procedural guidance for Design & Technology, Science, Music, Physical Education & Sport, and Art, as issued by CLEAPSS, HIAS and Hampshire County Council. Heads of Department and the appropriate subject managers will be responsible for local risk management and ensuring that maintenance of equipment and premises in their areas of the curriculum are managed safely following the appropriate guidance.

Display Screen Equipment

All users must complete the display screen equipment e-learning course every year without exception. All office users must carry out periodic workstation assessments using CSAF-001 Workstation Assessment Form. Workstation assessments will be actioned as necessary by line managers and routinely reviewed at intervals not exceeding three years.

Electrical Equipment

The Executive Headteacher will ensure that:

- Only authorised and competent persons are permitted to install or repair equipment
- Where 13-amp sockets are in use, only one plug per socket is permitted
- Defective equipment must not be used, it shall be taken out of use immediately and reported to the Site Manager for repair or disposal
- All portable electrical equipment will be inspected/tested annually by a competent person
- The Site Manager will be the competent person and will receive suitable training to enable the work to be carried out to current standards
- Private electrical equipment is not to be brought onto the premises or used unless its use is approved by management and it has been tested
- New equipment must be advised to the Executive Headteacher in order that it can be added to future PAT testing schedules

Any defective or suspected defective equipment, systems of work, fittings etc must be reported to the Site Manager and attended to as soon as possible.

Emergency Procedures

General emergency evacuation for non-fire related emergencies is to be carried out in accordance with the school emergency evacuation plan. The school has a fire emergency plan for fire related emergencies and an emergency evacuation plan for all non-fire emergencies.

All staff will receive a brief and/or a copy of the emergency evacuation plan at induction, and they will be periodically provided with updated information as the emergency evacuation plan is routinely reviewed and amendments are introduced.

Personal Emergency Evacuation Plans are to be completed, provided and exercised for any vulnerable persons to be able to ensure safe, assisted evacuation in the event of an emergency incident.

Fire Safety

Arrangements regarding fire safety are set out in the Fire Safety Manual. The fire safety co-ordinator is the competent person for fire safety on the premises and is the immediate point of contact for all fire safety related enquiries on site.

The Executive Headteacher will ensure through the fire safety co-ordinator that:

- All staff complete the mandatory fire safety induction e-learning course every year
- Fire safety procedures are readily available for all staff to read
- Fire safety information is provided to all staff at induction and periodically thereafter
- Fire safety notices are posted in the key areas of the building close to the fire points
- Evacuation routes and assembly points are clearly identified
- Staff are aware of their own responsibilities for knowing the location of fire points and fire exits. They should also know the location of the assembly point in the event of fire
- All staff are familiar with the flammable potential of materials and substances that they use and exercise maximum care in their use, especially with those marked flammable
- Fire evacuation procedures, fire safety training and fire alarm testing are carried out in accordance with corporate guidance and the premises fire safety manual
- The fire risk assessment is reviewed annually by the fire safety co-ordinator and amended as new hazards or required amendments are identified

First Aid

Arrangements regarding first aid provision are set out in the First Aid Policy. The names and locations of the first aid trained staff on site are listed in the first aid policy and also clearly signposted around the school.

First aid is never to be administered by anyone except first aid trained staff with in-date training certification, operating within the parameters of their training.

General Equipment

All general equipment requiring statutory inspection and/or testing on site (eg. boilers, hoists, lifting equipment, local exhaust ventilation, PE equipment, climbing apparatus) will be inspected by appropriate competent contractors as provided by the term contractor under PBRS arrangements, or as locally arranged.

Equipment is not to be used if found to be defective in any way. Defective equipment is to be reported to the Site Manager and immediately taken out of use until repairs can be carried out.

Glazing

Glass and glazing on site has been surveyed and risk assessed to ensure that it is suitable safety glass for the area in which the glazing is located, this includes taking account for the activities undertaken and types of children at the school. The survey and assessment are kept electronically on the T drive and is reviewed annually or when there are changes to the premises.

Good Housekeeping

Tidiness, cleanliness and efficiency are essential factors in the promotion of good health and safety. The following conditions are to be adhered to at all times:

- All corridors and passageways are kept free from obstruction
- Shelves in storerooms and cupboards are stacked neatly and not overloaded
- Floors are kept clean and dry, and free from slip and trip hazards
- Emergency exits and fire doors are not obstructed in any way
- Supplies are stored safely in their correct locations
- Rubbish and litter are cleaned and removed at the end of each working day
- Poor housekeeping or hygiene conditions are immediately reported

Hazardous Substances

Hazardous substances, materials, chemicals and cleaning liquids are not permitted to be used or brought into use on site unless a documented COSHH assessment has been undertaken by the trained COSHH assessor, and the product has been approved for safe use on site by the Executive Headteacher. The premises COSHH assessor acting on behalf of the Executive Headteacher is the Site Manager.

When using a harmful substance, whether it is a material, cleaning fluid or chemical substance, staff must ensure that adequate precautions are taken to prevent ill-health in accordance with the COSHH assessment completed for that hazardous substance. Staff must never attempt to use a harmful substance unless adequately trained to do so, and then only when using the safe working practices and protective equipment identified in the COSHH assessment.

All hazardous substances are to be stored in the secure and signed storage when not in use which is in the Site Managers cupboard for these premises. This is to remain locked at all times.

Inspections and Monitoring

Daily monitoring of the premises, through working routines and staff awareness, is expected to identify general safety concerns and issues which should be immediately recorded in the premises defect book and reported to the Site Manager.

Routine documented inspections of the premises will be carried out every half term in accordance with the premises monthly inspection schedule. Inspection findings are to be recorded on the locally adapted CSAF-005/CSAF-010 Half Termly Premises Safety Inspection Checklist. These routine documented inspections are normally completed jointly by a governor from the Resources Committee and the Site Manager. Where the Site Manager is not involved in the inspection any defects identified shall be reported to the Site Manager at the earliest time. Any identified high level risks or safety management concerns are to be actioned at governor's resources committee.

Periodic detailed inspections of the premises' safety management system will be carried out every year by Health and Safety Manager, Health and Safety Governor, Site Manager and Executive Headteacher. These documented inspections will examine all areas of the safety management system and will be carried out using the locally adapted CSAF-004/CSAF-011 Annual H&S Inspection Checklist.

It is the schools responsibility that the termly H&S web monitoring form is completed is by Glen Golding. This monitoring form will focus on different areas each term and is an integral part of the School and CSHST monitoring programmes.

Kitchens

The main kitchen area is only to be used by authorised staff in accordance with the identified safe working procedures. Authority and procedures for local management of the main kitchen is HC3. Any persons not normally authorised but wishing to enter the kitchen area must gain approval from the senior member of the kitchen staff present prior to entry and must strictly adhere to the kitchen safe working practices.

Legionella Management

Legionella management on site is controlled by the Site Manager who is trained as the Legionella competent person who will manage and undertake all procedures regarding Legionella in accordance with Children's Services Safety Guidance Procedure SGP 13-07. Records of all related training, flushing, temperature monitoring, cleaning and defects are to be retained for auditing purposes.

Lone Working

Lone working increases the risks to the individual and as such needs to be kept to a minimum (both in terms of the frequency of lone working and the time spent undertaking the activity). To further reduce the risks lone workers should not undertake hazardous tasks whilst working alone, e.g:

- Working at height
- Using hazardous equipment/tools (i.e. hedge trimmers)

When lone working is undertaken it must only take place;

- With the approval of the Executive Headteacher
- And be in accordance with the Corporate Lone Working Procedure where staff have been appropriately categorised and control measures have been identified and put into place.

Moving and Handling

All staff must complete the moving and handling e-learning course every year without exception. Staff are not permitted to regularly handle or move unreasonably heavy or awkward items, equipment or children unless they have attended specific moving and handling training and/or have been provided with mechanical aids in order to work safely.

Any significant moving and handling tasks are to be specifically risk assessed in order that training requirements and mechanical aids can be accurately determined to ensure that the task is carried out safely. The Site Manager is expected to undertake regular physical work which would typically include significant moving and handling, so therefore he must attend a formal moving and handling course specific to the work requirements.

Off-site Activities

Arrangements regarding off-site activities are managed in accordance with the Outdoor Education Service's procedures and guidance.

Physical Intervention

Arrangements regarding physical intervention are set out in the Physical Intervention Policy.

Provision of Information

The Executive Headteacher will ensure that information systems are established so that staff are periodically provided with information regarding safety arrangements on the premises. These systems are: staff meetings, meeting minutes, email distribution, and signature based receipt of information.

Local health and safety advice is available from Children's Services Health & Safety Team and can provide both general and specialist advice.

The Health and Safety Law poster is displayed in the staff room.

Risk Assessment

General risk assessment management will be co-ordinated by the Health and Safety Manager in accordance with guidance contained in the Children's Services Safety Guidance Procedure SGP 01-07.

Risk assessments must be undertaken for all areas where a significant risk is identified or a possibility of such risk exists.

The Trained Risk Assessor will oversee the correct completion of risk assessments as appropriate. Risk assessments will be carried out by those staff with the appropriate knowledge and understanding in each area of work.

All risk assessments and associated control measures are to be approved by the Executive Headteacher or their delegated member of staff prior to implementation.

Completed risk assessments are listed in the Risk Register and will be reviewed periodically in accordance with each risk assessment's review date as listed for review in the premises bring-up diary system.

Security

Arrangements regarding security are based on the premises security risk assessment and are set out in the on-site security policy & procedures which include emergency unlock routines.

Smoking

For the purpose of this policy, smoking includes e-cigarettes/vaporizers.

Smoking is not permitted on the premises.

Stress & Wellbeing

Silchester School is committed to promoting high levels of health and wellbeing and recognises the importance of identifying & reducing workplace stressors.

Stress management through risk assessment and appropriate consultation with staff will be periodically reviewed and acted upon in accordance with the Children's Services' and Health & Safety Executive's Management Standards, guidance and requirements.

Traffic Management

Arrangements regarding on-site traffic safety are based on the premises traffic risk assessment.

Training

Health and safety induction training will be provided and recorded for all new staff/volunteers in accordance with the CSAF-017 New Staff Health & Safety Induction Checklist.

The Executive Headteacher is responsible for ensuring that all staff/volunteers are provided with adequate information, instruction and training regarding their safety at work. A training need analysis will be carried out from which a comprehensive health and safety training plan will be developed and maintained to ensure health and safety training is effectively managed for all staff who require it.

All staff will be provided with following as a minimum training provision:

- Induction training regarding all the requirements of this health and safety policy
- Appropriate local training regarding risk assessments and safe working practices
- Updated training and information following any significant health and safety change
- Specific training commensurate to their own role and activities
- Periodic refresher training that will not exceed three yearly intervals
- Appropriate annual e-learning courses to meet HCC mandatory corporate training requirements

Training records are held by the Health and Safety Manager who is responsible for co-ordinating all health and safety training requirements, maintaining the health and safety training plan, and managing the planning of refresher training for all staff.

Violent Incidents

Violent, aggressive, threatening or intimidating behaviour towards staff, whether verbal, written, electronic or physical, will not be tolerated at Silchester School.

Staff must report all such violent and aggressive incidents to ensure that there is an awareness of potential issues and/or injuries, and so as to enable incidents to be appropriately investigated so that reasonable actions may be taken to support those involved and reduce the risk of similar incidents occurring in the future.

Violent incident reporting is completely confidential. Violent and aggressive incidents are to be reported using CSRF-001 Violent Incident Report (VIR) Form in accordance with Children's Services Safety Guidance Procedure SGP18-07.

Visitors

All visitors must initially report to the individual school reception where they will be working where they will be provided with the key health, safety and fire safety information to enable them to act appropriately and safely in the event of an incident.

Visitors to the premises will be provided with a badge and asked to sign in using the electronic system.

Work at Height

Work at height is always to be undertaken in accordance with the Children's Services Safety Guidance Procedure SGP 23-08. At Silchester School general work at height will be undertaken in accordance with the on-site generic risk assessment for work at height which identifies general requirements and safe working practices. Specific or higher risk tasks will be carried out in accordance with a specific risk assessment for that task.

The competent person(s) for work at height on the premises who has attended the Caretaker Support Service Ladder & Stepladder Safety half-day course is the Site Manager and he is authorised to:

- Use steps, stepladders and leaning ladders in accordance with their training
- Provide step stool instructional training briefs to staff in accordance with SGP 23-08
- Provide stepladder and steps training to staff using the Children's Services Stepladder & Steps Safety user training presentation
- Carry out periodic inspections of all on-site ladders, stepladders and podium steps
- Remove access equipment from use if defective or considered inappropriate for use

The competent person for work at height and all other staff are not permitted to use any other access equipment for work at height without specific training. This includes the use of scaffolding, mobile towers and mobile elevated work platforms.

Work at height on the premises is only permitted to take place under the following conditions:

- Any work to be carried out at height must be underpinned by a risk assessment
- Access equipment selected for work at height must be as per the risk assessment
- Any staff working at height must be appropriately trained to use the access equipment
- Staff are not to improvise or use alternative access methods of their own choice
- Use of any furniture, including tables and chairs, is forbidden for any work at height
- Staff may only use step stools if they have received a local instructional training brief
- Staff may only use stepladders if they have received training from the ladder and stepladder competent person
- Staff may only use leaning ladders if they have personally attended the Caretaker Support Service Ladder & Stepladder Safety half-day course within every three years
- Any safety concerns about a work at height task must be raised prior to work starting
- Access equipment used on site such as ladders and stepladders must only be that provided and are never to be lent to, or borrowed from third parties or contractors
- Contractors working at height are to be appropriately supervised and must only use their own access equipment

Silchester C of E Primary School

HEALTH AND SAFETY POLICY

Appendix A – Roles & Responsibilities

Policy Management

Employers Responsibility sits with the Hampshire County Council, however management of the policy sits with Silchester School, specifically with the Executive Headteacher and is reviewed by a member of the Resources Committee on an annual basis

Post Holders

The following listing defines the current holders for the specific roles detailed in the Health & Safety Policy:

Executive Headteacher	Mr Glen Golding
Responsible Manager	Mr Glen Golding
Site Manager*/Caretaker	Mr Shane Cripps/Mrs Julie Reynolds
Health & Safety Manager	Mr Glen Golding
Fire Safety Co-ordinator	Mrs Rachel Moir
Health & Safety Representative	Mr Glen Golding

Safety Committee Governors Resources Committee
Accident Investigator Mr Glen Golding

Trained Risk Assessors Mr Glen Golding

Nominated First Aiders See First Aid Policy and posters around school buildings.

Nominated Fire Wardens Mr Glen Golding/Mrs Rachel Moir

* The Site Manager/Caretaker is also deemed as the “competent person” for all hazardous substances (COSHH), asbestos, working at height and Legionella activities and is the Facilities Manager
